

Safety, Rescue and Disaster Management Products

www.shreelalita.in

The Company

SHREE LALITA successfully completed nearly 3 decades of service to Indian Industries and disaster management authorities for upgrading, developing & improving the safety standards in line with International safety standards such as CE/ANSI-OSHA/UL/CSA etc.

Pioneers in introducing Full Body Safety Harness & Self Retracting Fall Arresters in India.

Established in 1990, incorporated as a partnership firm we are now a team of more than 20 experts in the field of Industrial safety / Fire Rescue / Swift Water Rescue / Training / Installations / Service.

Our value added services such as Training on Height Safety, Height Rescue, Water Rescue, Collapsible structural search and rescue along with servicing of safety/rescue devices at our service centre in Mumbai and Survey & Installation of permanent life lines both vertical and horizontal applications by the experts in this field with years of experience & International trainings, made us the leading Safety Solution provider to Indian Industries.

A vast list of prestigious customers in India is the asset of our years of dedicated service and hard work in the field of Industrial Safety. We have also supplied and provided Specialised Training according to EN Standards for Specialised Rescue Vehicles, HAZMAT Vehicles.

We are members of many leading associations such as National Safety Council, Safety Appliance Manufacturers Association, Fire Protection Association of India etc.

Our Logistic support with fast and accurate delivery along with high level of Inventory at our Warehouse outside Mumbai is our commitment to esteemed customers.

A one stop solution for all critical Industrial Safety & Fire Rescue, Swift Water Rescue requirements by providing Worlds leading International brands.

: Specialized Rescue Vehicles, Hazmat Vehicles & Containerized Vehicles

- SHARK Robotics : Fire Fighting Robots & Unmanned Ground Vehicles NIGHTSEARCHER : Specialized Area Lighting Systems, Hand Held Search Light & Head Lamps STREAMLIGHT : ATEX Safety Torches and Headlamps Whaly : HDPE Rotomoulding Rescue Boat (100 % Recyclable) SEA EAGLE : Heavy Duty Inflatable Rescue Boat ٠ YAMAHA : Out Board Motors & let Ski **RESCUE 3** International : Certified Swift Water Rescue Training as per NFPA Standards 3M / DBI-SALA / PROTECTA : Height Safety/Confined Space & Rescue & Certified Training GVS : Multi-Gas Respirator Protection & Powered Air & Supplied Air Respirators ٠ HONEYWELL : Portable Gas Monitors SYSTEM 5S : Fire Fighting PPE, Fire Fighting Helmets & Fire Fighting Rubber & Leather Shoes : Fire Fighting Helmets & Breathing Apparatus & Emergency Escape Breathing Apparatus DRAGER UVEX : Eye Protection, Head Protection, Ear Protection, Gloves, Work Boots. PERF : Specialised Safety & Rescue Shoes HEXARMOR : Impact Protection Rope / Rescue Gloves
- DUPONT
- HUSQVARNA
 - HIKOKI

EURO GV

- JUSTRITE
- : Safety Cabinets & Storage Cans

: Chemical Suits & Work wears.

: Rescue Power Cutters & Chainsaw

: Breakers, Rotary Hammers & Drill Machines & Chainsaw

Portable Gas Monitors

We always put your safety where it should be – first. With Honeywell BW^M, our portable gas detector, you will be able to do the same for your workers. Designed specifically for sampling and monitoring confined spaces, before and after entry, Honeywell BW^M offers enhanced sensor technology, visibility on gas readings, comfort, and connectivity. This makes it more reliable and provides an intuitive user experience, helping to prevent a potential gas safety incident.

Extra Detection Ultra Protection

SL BW[™] Solo

Serviceable Single-gas Detector

Features

- The easiest single-gas detector to service, with no need to take it apart to replace sensors, batteries and sensor filters. That means long life & low cost.
 Complete with an extensive selection of consor antions.
- Complete with an extensive selection of sensor options.
- The first single-gas detector with the 1- Series sensor for CO, H2S and O2.
 Compatible with IntelliDoX. Save time and centralize data with automated bump testing, calibration & instrument management. Use IntelliDoX docking

stations with Honeywell Safety Suite Device Configurator software.

H₂S CO O₂ NH₃ SO₂ HCN Cl₂ NO NO₂ PH₃ ETO ClO₂ O₃ H₂

SL BW[™] Ultra

Multi-gas Detector

Features

- Tamper-proof 1 button operation
- Intuitive LCD icons for quick decision
- Easy service and maintenance
- · Intuitive large dot matrix display
- Smart Gas layout for sensor readings
- Hole Watch Mode for quick decision
- IntelliFlash[™] and Reverse IntelliFlash[™]
- Connected Worker compatible
- TouchConnect[™] Technology
- SafetySuite for unit configuration and reporting
- Quick responding sensor technology
- Quick bump & calibration with IntelliDoX

Extra Detection, Ultra Protection (5 Gas)

SL BW[™] Max XT II

Multi-Gas Detector with built-in Pump

Features

- Integrated sampling pump with reliable diaphragm technology
- Best in class block detection with semiconductor pressure sensor
- Equipped with standard data, event log
- · Continuous LCD with real-time gas level
- Visual compliance with IntelliFlash
- Water-resistant
- Self-test of sensor, battery status, circuit integrity and audible/visual alarms
- Bright wide-angled visual alarm bars
- Built-in concussion proof boot
- Compatible with BW™ Connect
- · Compact and lightweight design

ToxiRAE Pro

Personal Wireless Monitor for Toxic Gases and Oxygen

Features

- Wireless access to real-time instrument readings and alarm status from any location
- Largest display in its class
- Continuous data logging 3
- On-board correction factor library for 190 compounds
- Man-down alarm with real time remote wireless notification
- Reliable, rugged, and intrinsically safe
- · Field-replaceable sensor. Easy access to lamp for cleaning
- Easy to use

Over 20 intelligent interchangeable field-replaceable electrochemical sensors

SL BW[™] MicroClip X3 & XL

Features

- · Guaranteed runtime for at least a 12- hour shift
- Durable, rechargeable lithium polymer battery
- Ergonomic and wearable
- Real Time Gas concentration display
- Bright wide angle visual alarm bars
- IP68 rating
- User-friendly, tamperproof operation
- IntelliFlash[™] light indicating bump test
- Self-test of sensors, battery status, circuit integrity, & audible/visual alarms
- Compatible with IntelliDoX docking & BW™ Connect for real time monitoring

X3: 3 year warranty & new oxygen sensor XL: Low up front cost with 2 year warranty.

QRAE 3

Wireless 4-Gas Monitor

Features

- Available in Diffusion / Pumped version
- IP-65/67 water- and dust-resistant case
- Strong, protective, concussion-proof design
- Real-time gas concentration readings and alarm status enabled by state-of theart wireless technology
- Unmistakable five-way local and remote wireless notification of alarm conditions
- Large graphical display icon-driven user interface through intuitive, simple-to operate two-button user interface.
- Easy access to pump, sensors, filter and battery compartment

MultiRAE Lite

Wireless Portable Multi-Gas Monitor

MultiRAE Pro

Wireless Portable Multi-Threat Radiation and **Chemical Detector**

Features

Features

•

location

version

· All-in-one monitoring capabilities for radiation, VOCs, oxygen, toxic and LEL gases, up to 6 threat types at a time²

Wireless access to real-time instrument readings and alarm status from any

 Intelligent sensors store calibration data, they can be swapped in the field6 Large graphical display with easy-to-use, icon-driven user interface

Voc Range: 1 to 1000ppm Resolution of 1 ppm Available in diffusion and Pump

Man-down alarm with real time remote wireless notification

Over 25 interchangeable sensor options, including PID4 for VOCs,

NDIR5 and catalytic for NDIR, and ombustibles for CO2

Continuous datalogging (6 months for 5 sensors, 24x7)

- Wireless access to real-time instrument readings & alarm status from locations
- Man-down alarm with real time remote wireless notification
- Intelligent sensors store calibration data, can be swapped in the field³
- Large graphical display with easy-to-use, icon-driven user interface
- Device Management with SafetySuite
- VOC Range: 0.01 to 2000PPM with 10PPB resolution. Available in Pump Version

Over 25 interchangeable sensor options, including parts-per-billion PID and gamma radiation

EchoView

Mini-Controller Wireless Solution for Portable Gas Monitors

ROUTER

Features

- Creates a self-contained intelligent wireless network that supports up to 8 monitors
- Communication range extendable to 0.6 mi (1 km) with Mesh Routers
- Field-replaceable battery with a 10-day runtime •
- Bright-red high-visibility alarm lights
- Loud audible alarm, 90dB @ 30cm
- Highly-resistant to electromagnetic and radio interference with IP-65 protection
- Remote wireless access to realtime readings & alarm status of portable gas monitors for faster incident response

Supports ToxiRAE Pro, QRAE 3 & MultiRAE
